SUMMARY

As a dedicated and professional software developer with nine years of experience in various programming stacks, I am committed to providing innovative and efficient technological solutions. My strengths include being attentive, observant, creative, authentic, and communicative. I'm always excited about growing my skills, learning, and contributing to the success of international technology companies.

EDUCATION

- Executive MBA in I.T. Management, IPOG
- Bachelor's Degree in Computer Engineering, Pontifícia Universidade Católica de Goiás - February 2019.
